DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest either in singularly or in combination the following limitations and other elements in the claims. References Sonobe et al. (US 6,054,716), Uemura (US 6,310,364), and Maeda et al. (US 6,696,704) do not disclose:

- A plurality of leads disposed around and apart from the tab, whose back sides are exposed from the mounting surface of the seal member.
- The tab has first side surfaces formed under the semiconductor chip and second side surfaces opposed to the first side surfaces, each second side surfaces being formed between the semiconductor chip and the wire connection areas.

Therefore, the above references do not disclose the claimed invention of present application and claims 58-70 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
